6. **Activity Report of the Board of Directors**

Deputy Chairman of the Board of Directors, Mgr. Karel Taft, briefly summarised the Board's activities since the last general meeting. The Board of Directors concentrated above all on transition to own administration of the .cz domain and the ENUM project, preparation of the 2008 budget, new ADR regulations and registration rules, cooperation with EuroISPA, approval of membership in the Tuesday Business Network, APVTS and NIX.CZ and consideration of possible hosting of the ICANN Meeting in Prague in 2009.

The general meeting acknowledged the Board's activity report.

7. **Report of the Board of Trustees**

Chairman of the Board of Trustees, Ing. Michael Macek, appreciated the Company's transition to its new registration system and thanked the Board of Directors as well as all managers and other employees for their help and contribution.

The Board of Trustees reported that it had checked the Association's economic results for the 3rd quarter of 2007 and regarded them as satisfactory.

The Board of Trustees also reported that it had checked at random several contracts concluded by the Company and had found no defects.

In 2007, the Board of Trustees dealt with the ENUM project, discussed new registration regulations, considered the 2008 budget plan, expressed its opinion on schedule to agreement with T-Systems PragoNet, concentrated on the DNSsec project and studied the issue of “zone walking”.

The general meeting acknowledged the Board’s activity report.

8. The ENUM Project and Transition to the New System of Administration of the .cz Domain

The Association’s executive director, Mgr. Ondřej Filip, introduced its new registration system of administration of the .cz domain and presented information on the course of migration, on the current stage of the ENUM project and on other running and planned projects.

Situation at 3:56 p.m.: 26 members (thereof 24 entitled to vote) out of 52 present

The general meeting acknowledged Mgr. Filip’s report on the ENUM project and the new system of administration of the .cz domain.
